Stomp Rocket Contest

by Dave Fergus

All of you who built a Mark 2 Stomp rocket should consider submitting them to EMRR for serialization. It will be cool if we get all of them registered even if you don't win a prize. It would also be cool if whoever took photos of the stomp rocket drag race to email a jpg of that to the rest of us who participated. The emrr website is www.rocketreviews.com and the photo contest is also a forum for serializing our stomps... Good Luck!
